Titel
Bachelor Thesis and Colloquium

Course Status
Fachstatus
Mandatory within specialisation *International Business* (English Track)

Target Group
Zielgruppe
6th semester students of degree programme *Betriebswirtschaftslehre* with specialisation in *International Business* (English track)

Course Description
Kursbeschreibung
Students have to complete an extensive thesis. The topic can be defined bilaterally between any member of the teaching staff and the student or in cooperation with an external partner (third party). The work has to be presented and discussed in a colloquium at the faculty.

Prerequisites (recomm.)
Vorkenntnisse (empf.)
Completed study of all modules.

Required Materials
Arbeitsmittel
Contingent on chosen topic

Course Outcomes
Lehrresultate
Application of knowledge and specialization in a chosen field of studies. Students learn to work in own responsibility on a large project with fixed time limit and to defend the results in a critical discussion. Skills in academic writing are enhanced.

Course Topics
Inhaltsangabe
The topic can be freely chosen but has to be in accordance with the program content in International Business. Students can choose between an emphasis on practical work (including an external partner) or academic work.

Course Methods
Lernmethoden
Students are guided throughout the process of definition, research and conclusions of their written work as well as the presentation and discussion of their results in front of faculty members.

Course and examination language
Lehr- und Prüfungsprache
English

Special Features
Besonderheiten
The module contains two distinctive parts: Written Thesis (10 ECTS) and Colloquium (5 ECTS)
